Orientation to Sustainable Environmental Assessment

40-Hour Webinar Course
Tuesdays and Thursdays 10:00 — 11:30 am Pacific Time
September 8 — December 15, 2009
(except Thanksgiving)

Location: Online

Webinar

Orientation to Sustainable Environmental Assessment Sept. 8—Dec. 15, 2009 (28 1½ hour sessions)

Overview

Environmental responsibilities under NEPA and other authorities have been delegated by 24CFR58 to local governments for many HUD programs, such as CDBG, HOME, subsidized and public housing. This *first time on the web* course uses exercises and an interactive simulation to reach participants & train them to conduct environmental reviews, briefs them on more recent and relevant environmental issues such as sustainability, & raises the awareness and commitment to environmental issues.

How It Works

Prior to the first session, you will receive an access code and instructions to go to a website. You will also receive a headset to connect to your computer so that you will be able to participate in interactive activities.

Course Details Online

<http://www.ph.ucla.edu/erc/osea.htm>

Accreditation

- ABIH— Certification of Maintenance Points from the American Board of Industrial Hygiene have been approved or applied for
- BCSP and Continuing Education Units — Eligible for 40.0 Continuation of Certification Points/CEUs for each course upon successful completion of course with full attendance
