Past President, Alumni Association

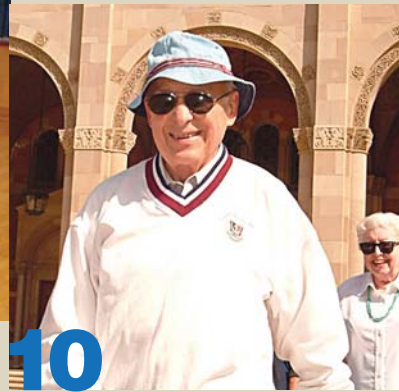

## features

4

### Feast & Famished

In a world where malnourishment coexists with super-sized portions, healthful eating is all too rare.

10

### Lester Breslow: Still Setting the Pace

With a track record for prescience dating back to the Second World War, the dean emeritus and public health pioneer continues to command attention.

## Promoting the Health of Immigrants

They face language and cultural gaps, unhealthy environments and difficulties in accessing services. Staying in good health can be a challenge.

## 18 Alumni Hall of Fame: the 2004 Inductees

## 21st Century Challenge: Educating the Public Health Workforce

### ON THE COVER

Immigrants tend to arrive in this country in better health than native-born Americans of comparable socioeconomic status, but soon decline to the point that their health, on average, begins to reflect that of their adopted community. Why is this happening and what can be done?
