## Schedule of Events

**January 9<sup>th</sup>** Training Day: This is a day of education through presentations by, and discussions with, student leaders, healthcare providers, public officials and health policy experts. Our goal will be working towards the provision of an effective and just healthcare delivery system.

**January 10<sup>th</sup>** Lobby Day: The day of ACTION! We kick off with a march through Sacramento, leading to an energetic rally on the Capitol doorsteps, and an afternoon of meetings with elected officials with your well-prepared legislative team!

## What is Lobby Day?

This exciting and dynamic conference will educate you on Single Payer Healthcare and the California Universal Healthcare Act, CA Senate Bill 810 (SB 810). Hear and discuss what SB 810 will provide for future patients and future health care providers, and how exactly it will improve the health and finances of all Californians.

Attendees will also be educated about the recent passage of healthcare reform, the Patient Protection and Affordable Care Act (PPACA). Although PPACA does some good, it does not go far enough at solving the United States' healthcare crisis. Even after all is said and done under PPACA around 23 million Americans will continue to be uninsured, and millions more who will be *underinsured*. As future health care professionals, we must stand up for our patients' rights!
